Brief summary of the walk: This is a lovely trail near downtown Beverly but it is for active walkers. There were two trails going down to the river, but only one trail along the river. The sign at the entrance to the park at the elementary school gives good background info on the area. Ex: "Green's Hill provides a unique perspective on the City of Beverly with its extensive vista across the Bass River to downtown Beverly. The full Bass River loop is roughly two miles. There are views from the boardwalk across to the historic site of the mill at the outlet from Shoe pond..."
